

Montasir Mihad

MERN Stack Developer

Phone: +8801621257820 |

Email: ahmedmihad962@gmail.com |

Address: Narayangonj, Dhaka, Bangladesh

Professional Summary

Motivated and passionate junior web developer with 1 year of experience in building dynamic, responsive, and user-focused websites using the MERN stack. Skilled in front-end and back-end development, with expertise in React.js, Tailwind CSS, Node.js, Express.js, and MongoDB. Looking to apply my skills as a Frontend Developer Intern while continuing to grow in full-stack development.

Technical Skills

Frontend: React.js, HTML, CSS, JavaScript, Tailwind CSS, Axios and packages.

Backend: Node.js, Express.js, MongoDB.

Other: Firebase Authentication, Git, Next.js, Next auth, REST APIs, UI/UX Design Conversion

Tools: Vercel, Firebase, GitHub.

Experience

Programming Hero Level 1

Completed the course in 2023 at batch-1

- Developed responsive landing pages and web applications using React.js and Tailwind CSS. - Collaborated with backend developers to integrate RESTful APIs.
- Implemented authentication features using Firebase Authentication. - Utilized Git for version control and project collaboration.

Projects

My Simple Portfolio (Next.js)

My Portfolio Link

Description: Built a simple portfolio to introduce myself in web development. I have created it on React js frameworks. Portfolio is a great platform to showcase your skills.

Technologies: React.js, Tailwind CSS, some packages

Restaurant Website (React.js)

RestauraHub website Link

Description: Developed a simple restaurant website. It is a restaurant website which I named as RestauraHub. Here a user can add any recipe from any category. Users can pay for the food. It is an admin panel website that has a lot of conditional statements. It has more to see. User needs to login or signup first to add to cart the recipe. Many more to see in this simple user-friendly restaurant website.

Technologies: React.js, Tailwind CSS and more.
