Dear Hiring Team,

I am a highly motivated and passionate **Junior Web Developer** specializing in the **MERN stack**, with a strong focus on creating dynamic and responsive web applications. Over the past 1 year, I've successfully completed multiple projects, honing my skills in **React.js**, **Express.js**, **Node.js**, and **MongoDB**.

With a deep commitment to learning and growth, I am currently expanding my expertise by diving into **Next.js** to stay at the forefront of web development technologies. I believe my hands-on experience, coupled with my enthusiasm for front-end development, makes me an excellent fit for your team.

My Experience Highlights:

1. Always adding new features to make websites better.
2. Created responsive websites that work well on **mobile, tablet, laptop,** and **desktop**.
3. Kept up with the latest trends and used best practices in my work.
4. Make sure to back up code for easy recovery if needed.
5. Delivered projects on time.
6. Helped build web applications, making sure everything runs smoothly.

Throughout my journey, I've worked with front-end technologies and developed a strong focus on user-friendly design. I'm eager to bring my experience to your team and learn through mentorship and hands-on opportunities. Collaborating on interactive and visually appealing user interfaces aligns with my goals.

Thank you for considering my application. I'm excited to discuss how I can contribute to your team and look forward to hearing from you. My personal and educational details are attached for your review.

Best Regards.

Mihad
